

A stylish portable label maker that prints with crystal-clear 360dpi resolution via a simple mobile app.

Compatible with 50 ribbons and tapes up to 24mm in width, the LW-C610 makes home crafting even more customisable. Print functions include QR code, barcode, imagery, and original label design - all manageable from a smart mobile application. This model can be used with batteries or an AC adaptor, so you can pick it up and print from anywhere.

#### **Fully flexible**

The LW-C610 has a stylish lightweight frame, full Bluetooth connectivity, and battery and AC adaptor compatibility, allowing you to set up your workspace anywhere and switch between tasks with ease.

#### **Simple yet sophisticated mobile app**

This Bluetooth label maker is manageable via a mobile app simple enough for a child to use, yet sophisticated enough to handle all home business and crafting requirements. Compatible with Android and IOS devices.

#### **Impressively versatile**

Working with 50 tapes and ribbons up to 24mm in width, the LW-C610 allows you to print across a wide range of colours and finishes, creating barcodes, borders, brand-designs and even hand drawn images. This versatility is supported by a 360dpi resolution to ensure a perfectly clear print every time.

#### **Cost efficient**

Epson's built-in auto-cutter technology significantly reduces margin waste compared to competitors. This means you get more prints for the same amount of ribbon and tape.
